State of Texas – HUB

Hire Houston First

## Past Performance

**US Army Corps of Engineers**

## Industries

- Aerospace
- Construction
- Energy
- Power
- Government
- Manufacturing
- Oil & Gas
- Marine

## Key Offerings/Core Competencies

### Custom Engineered Equipment:

- Air Compressors - Screw Type
- Air & Gas Dryers - Desiccant Type
- Nitrogen Generators - Membrane Type

### Integrated Process Packages:

- Instrument Air
- High Pressure Air & Nitrogen
- Gas Compression: Process/Flare Recovery/Gathering
- Gas Treatment: Sweetening/Dehydration/Dew Point Control

### Valve Packages:

- Actuated valves
- Custom trims & modifications
- Valve control systems

### Specialty Fabricated Products:

- Non conventional designs
- Clad components & assemblies

### Procurement & Supply Services:

- Components, Equipment & Spares for Petrochemical, Chemical Industries & Equipment Manufacturers
